

# BODC 50<sup>th</sup> Jamboree

## BODC today

**National  
Oceanography Centre**  
NATURAL ENVIRONMENT RESEARCH COUNCIL

[noc.ac.uk](http://noc.ac.uk)

# Today, BODC is

- UK National Oceanographic Data Centre
- Working seamlessly with NMF to build a platform-desktop data delivery system
- A world leader in marine science data management thought leadership
- Provider of a world class Controlled Vocabulary service
- Part of several key marine data networks
- Providing world class data management services to international projects

# Today, BODC is

‘...Probably **the best** National Oceanographic Data Centre in the world...’

‘a holding of **untapped information**, that we strive to promote and raise to greater heights’

‘**empowerment, innovation, world-leading, cutting-edge**’

‘engaged in **world-leading** marine data science’

‘**vibrant and supportive** place to work.’

‘A **groovy** place to work with **funny, clever folk**’

# Today, BODC is

‘the **premier UK** facility for managing UK marine science data, for all stakeholders.’

‘**UNIQUE** marine data centre that offers an international solution for marine metadata interoperability’

‘all about the **great people** who work here – intelligent, talented and fun to work with!’

‘**excellence**, secure long-term archive, reliable services.’

‘an **enjoyable** and **rewarding** place to work in’
